

ELM SERIES EZ-LIFT MAGNETIC LIFTERS

POWERFUL AND COMPACT MAGNETIC MATERIAL LIFTING AND HANDLING SOLUTION.

Workpiece transport is faster with EZ-Lift.

Eliminate dangers of other handling methods.

ADVANTAGES

- Powerful rare-earth magnets deliver up to 6,600 lbs. of holding power - no electricity required.
- Faster setup and transport option than traditional material handling methods.
- · Will not wear out like straps or slings.

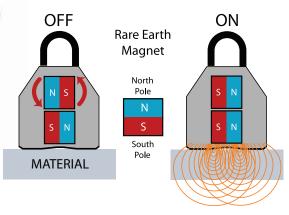

- · For loading and unloading plate, block, or round steel and iron stock.
- Use on press molds, machined parts, and other ferrous materials.
- Will not wear out like straps or slings.

WHY SWITCH TO EZ-LIFT?

Risk of Injury

Risk of injury to back, fingers, or toes when moving material in order to position slings or chains.

Slings & Chains Wear Out

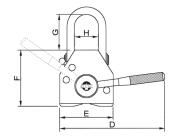

Lifting equipment needs to be recertified and replaced periodically.

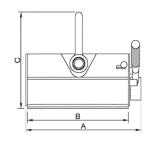

Lost Productivity

It takes time to properly setup slings or chains to safely move materials.

Each ELM lifting magnet contains super powerful rare earth magnets arranged in three rows. Turning the lever to the ON position rotates the center row of magnets 180° so the poles alternate, creating a powerful magnetic field.
