QUICK-TURN SPECIALS

Creating Engineered Solutions That
Go Beyond Standard Tool Holding.

Dedicated to American Manufacturing

Parlec has invested in the latest CNC machine technology and software at our Fairport, NY facility, increasing our manufacturing capacity.

Dedicated CNC cells allow us to develop custom tool holders to your exact specifications, and deliver them to you FAST!

Improved Capabilities

Parlec is the authority on custom tool holders for machining aerospace materials where grip force, rigidity, and coolant delivery are critical.

Improved Manufacturing

State-of-the-art multi-tasking machines and new I.D. Grinders allow for "one-and-done" setups and improved part quality.

Improved Productivity

Turbo Turn specials deliver your tools optimized for your unique application to maximize machining productivity.
